TARZANA NEIGHBORHOOD COUNCIL ANIMAL WELFARE COMMITTEE

Animal Welfare Committee (AWC) Report to the Tarzana Neighborhood Council (TNC), February 28, 2017, by Jeffrey Mausner, Animal Welfare Committee Chairman.

This has been a really good month for the dogs and cats of Los Angeles:

1. On January 26, 2017, **the South Valley Area Planning Commission (SVAPC) unanimously voted to grant the variances necessary for Rockin' Rescue to continue to operate** in its current location at 19855 Ventura Blvd., Woodland Hills, California. **Over 5,500 people signed petitions** in support of Rockin' Rescue. Many of them left very insightful and persuasive comments, which were submitted to the SVAPC. **At the SVAPC hearing, approximately 100 Rockin' Rescue supporters attended** to show their support. About 40 of them addressed the SVAPC, providing moving stories of how Rockin' Rescue helps dogs, cats, and people. There were Volunteers and Employees from the City's West Valley Animal Shelter, Employees and Volunteers from Rockin' Rescue, people who adopted their dog or cat from Rockin' Rescue, Rockin' Rescue's neighbors, and good citizens who simply wanted to have such a great rescue in their neighborhood. The manager of the OSH (Orchard Supply Hardware) across the street even volunteered his parking lot if the lot at Rockin' Rescue is ever full. Businesses next door and across the street from Rockin' Rescue submitted letters of support: Upholstery Zone, Excitement, Oak & Poppy, Bank of the West, and Wells Fargo.

Thank you to Len Shaffer, the entire Tarzana Neighborhood Council and Animal Welfare Committee; the Woodland Hills Neighborhood Council, its President Joyce Fletcher, and its Secretary Linda Kouy-Ghadosh; the Sherman Oaks Neighborhood Council, its President Jill Banks Barad, and its Vice President and

Land Use Chair Ron Ziff; and other local Neighborhood Councils for their support. See pages 1-7 of the attached, which are print-outs from the following webpages, for further details:

<https://www.change.org/p/save-the-lives-of-dogs-and-cats-in-los-angeles-don-t-shut-down-rockin-rescue/u/19200134>

https://www.change.org/p/save-the-lives-of-dogs-and-cats-in-los-angeles-don-t-shut-down-rockin-rescue?source_location=minibar

2. To make sure that no other Animal Rescue Organizations have to go through a similar zoning ordeal, the TNC/AWC suggested that the Los Angeles Municipal Code be amended to specifically allow Animal Rescues to operate in Commercial Zones, without the necessity of a variance. On January 19, Councilmember Blumenfield introduced a Motion to that effect. See attachment pages 8-11.

3. On February 2, the **City of Los Angeles issued an RFP (Request for Proposals) for a Rescue Organization to run the abandoned South Shelter (now called the Jefferson Park Animal Shelter)**, which as you know is a project we have been working on for some time. This is an **UNBELIEVABLE OPPORTUNITY** for a Rescue or consortium of Rescues to use a beautiful multi-million dollar building at practically no cost, and partner with the City in helping to save the lives of dogs, cats, and other animals, while helping people of the City to adopt them and learn about animals. The City has done its part, now it is time for a Rescue to step up and do its part. The RFP is here:

http://www.labavn.org/index.cfm?fuseaction=contract.opportunity_view&recordid=29344&eml=1 The first 3 pages of the RFP are attached (see pages 12-14 of the attachments.)

We need to get a Rescue or group of Rescues to submit proposals to run the abandoned South Shelter, or this great opportunity will go to waste. Please tell any Rescues that you are involved with or know of about this opportunity. **The Jefferson Park Animal Shelter, if implemented, will save the lives of hundreds of dogs, cats, and other animals each year.**

Thank you to: Paul Darrigo for coming up with this idea and working to get it implemented; Jordan Beroukhim, Planning Deputy in the Office of City Council President Herb Wesson for getting this approved and working on the RFP; Deron

Williams, Chief of Staff, for his support; City Council President Herb Wesson for making this happen; and Los Angeles Animal Services for their contribution.

4. Oscar the Wonderdog was rescued from the West Valley Animal Shelter on January 29, after being there for more than a year and a half. Oscar was a hero, helping to save the lives of 7 kittens. The story of how Oscar saved the lives of these kittens is attached (pages 15-16) and here:

http://tarzananc.org/committees.php?committee_id=25

Pictures of Oscar at the Rescue in Oregon are here:

<https://www.facebook.com/jeremy.doguc?pnref=story> and attached pages 17-21.

5. Los Angeles Animal Services Department has formed a subcommittee consisting of Department Managers, Employees, Andrew Brown (a Volunteer at the East Valley Shelter), and myself (as both the Neighborhood Council and West Valley Shelter Volunteer representative) to work on **implementing No-Kill by the end of the year**. A meeting was held on January 31 at LAAS Headquarters to discuss implementing specific proposals for achieving No-Kill. See attached page 22. Specific proposals and Action Items were decided on at the meeting. The report for the meeting is still being reviewed and worked on. Attachment page 23 is a summary of proposals that I brought to the meeting to serve as starting discussion points. I think implementation of No-Kill is the most important thing that Los Angeles Animal Services has to do at this time.

6. We held an Animal Welfare Committee meeting on Tuesday, February 21. The Agenda is posted on the website.

Best regards, Jeff

Jan 27, 2017 — Hi Everyone. Last night, democracy prevailed in Los Angeles. The South Valley Area Planning Commission (SVAPC) unanimously voted to grant the variances necessary for Rockin' Rescue to continue to operate in its current location at 19855 Ventura Blvd., Woodland Hills, California.

This happened in large part because of your support. Over 5,500 people signed petitions in support of Rockin' Rescue. Many of you left very insightful and persuasive comments, which were submitted to the SVAPC.

And last night, approximately 100 Rockin' Rescue supporters attended the SVAPC meeting to show their support. About 40 of them addressed the SVAPC, providing moving stories of how Rockin' Rescue helps dogs, cats, and people. There were Volunteers and Employees from the City's West Valley Animal Shelter, Employees and Volunteers from Rockin' Rescue, people who adopted their dog or cat from Rockin' Rescue, Rockin' Rescue's neighbors, and good citizens who simply wanted to have such a great rescue in their neighborhood. The manager of the OSH (Orchard Supply Hardware) across the street even volunteered his parking lot if the lot at Rockin' Rescue is ever full. Businesses next door and across the

street from Rockin' Rescue submitted letters of support: Upholstery Zone, Excitement, Oak & Poppy, Bank of the West, and Wells Fargo.

The Commissioners listened. Thank you to:

Commission President Steve Cochran

Commission Vice President Lydia Drew Mather

Commissioner Rebecca Beatty

Commissioner Raymond Bishop. Commissioner Bishop stated the findings of the 5 elements which are necessary to approve a variance.

All of the Commissioners voted in favor of the variances.

We want to thank the following people, among many others, who helped in this matter:

Leonard (Len) Shaffer, President of the Tarzana Neighborhood Council and President of the Board of Neighborhood Commissioners; the entire Tarzana Neighborhood Council.

The Woodland Hills Neighborhood Council, its President Joyce Fletcher, and its Secretary Linda Kouy-Ghadosh.

The Sherman Oaks Neighborhood Council, its President Jill Banks Barad, and its Vice President and Land Use Chair Ron Ziff.

Other local Neighborhood Councils.

City Councilmember Bob Blumenfield and his staff:

Andrew Pennington, Senior Planning Deputy

Svetlana Pravina, Field Deputy

John Popoch, Deputy Chief of Staff.

Andrew Pennington and the others supported Rockin' Rescue throughout this process, from the Zoning Administrator hearing to the SVAPC. Andrew spoke in support of Rockin' Rescue at both hearings.

Councilmember Blumenfield has also introduced a resolution for the City Council, so that other Animal Rescues in Los Angeles will not have to go through this ordeal in the future.

For those of you who live in Canoga Park, Reseda, Tarzana, Winnetka, and Woodland Hills, please remember that Councilman Blumenfield is up for re-election this year. The primary is on March 7; the general election is on May 16. Please vote; we need people on the City Council, and their dedicated staff, who care about animals and will actually do something to help them.

Our new State Senator, Henry Stern, wrote a letter of support for Rockin' Rescue

which was submitted to the SVAPC. It is good to know that we have a strong supporter of animals in the State Legislature, as well as on the City Council.

Newscaster Jane Velez-Mitchell broadcast the entire hearing live. Video from the hearing is on her Facebook page at: <https://www.facebook.com/janevelezmitchell>
The entire hearing is posted in several segments.

Thank you to:

Winston Stromberg, Shivaun Cooney, Rachel Stauber, Shannon Lankenau, Danny Aleshire, Daniel Green, and Linda Enriquez of the Law Firm of Latham & Watkins, who worked on this matter on a pro bono (free) basis.

Brad Rosenheim and Gary Werner of Rosenheim & Associates, who also worked on the appeal on a pro bono basis.

Rob Glushon of Luna & Glushon, who also consulted and appeared on a pro bono basis.

Beth Chrisman, Certified Forensic Document Examiner.

Southwestern Law School students Gloria Ramirez, Jeremy Lishman, and Sara Brown.

And of course Ady Gil, Bari Fiore, Fabienne Origer, and everyone at Rockin' Rescue -- please continue to save the lives of dogs and cats, and provide adoption services to the people of our community. Thank you to my family for their support.

Thank you again to all of you who supported Rockin' Rescue and the homeless dogs and cats of our community; your support really made a difference. I will keep you posted on any further developments; documents in the matter can be found at: http://mausnerlaw.com/save_rockin_rescue

Best regards, Jeff

SAVE THE LIVES OF DOGS AND CATS IN LOS ANGELES - DON'T SHUT DOWN ROCKIN' RESCUE

TO THE CITY OF LOS ANGELES - PLEASE DO NOT CAUSE THE UNNECESSARY DEATHS OF DOGS AND CATS BY SHUTTING DOWN ROCKIN' RESCUE

Rockin' Rescue is an animal rescue for dogs and cats located in Woodland Hills, California, part of the City of Los Angeles. I know Rockin' Rescue from my work as a Volunteer at the City of Los Angeles West Valley Animal Shelter.

I believe Rockin' Rescue is the best animal rescue in the area. It is non-profit, and in fact costs the founder, Ady Gil, hundreds of thousands of dollars a year to operate. Rockin' Rescue has saved the lives of many dogs and cats who were about to be killed in City Shelters, and found them homes. It would be a tragedy if Rockin' Rescue is shut down. There are generally about 100 to 120 animals at Rockin' Rescue. If Rockin' Rescue had to close down, those animals would be brought to city shelters, where many of them could be killed; or other animals would be killed to make room for the animals coming from Rockin' Rescue. And of course, Rockin' Rescue would be unable to save the lives of hundreds of dogs and cats in the future. This would be completely counter to the goal of the City of Los Angeles to become a no kill city by 2017.

Rockin' Rescue has been fighting against being shut down by the City of Los Angeles because of a zoning issue. Rockin' Rescue is located in a Commercial Zone, rather than a Manufacturing Zone; it has requested a zoning variance from the City, so that it can continue to operate in a Commercial Zone.

Unfortunately, the Zoning Administrator denied the variance requested by Rockin' Rescue, even though both the Tarzana Neighborhood Council and the Woodland Hills Neighborhood Council unanimously supported granting the variance. City Councilman Bob Blumenfield also supported granting the variance. Nevertheless, the Zoning Administrator denied the variance, even though she specially found as follows:

"There is no dispute that the applicant [Rockin' Rescue] is providing a valuable and necessary service for the City. The proposed variances were supported by the Woodland Hills NC, Councilmember Blumenfield, the adjacent Tarzana NC, and hundreds of area residents." [Zoning Administrator Decision (ZA Decision) page 8 (emphasis added).]

Concern about the lives and well-being of animals, as well as respecting the will of the people and their elected representatives, didn't seem to count for much at that stage of the proceedings. The only thing the Zoning Administrator cared about

was that Rockin' Rescue is located in a Commercial Zone rather than a Manufacturing Zone. But a Manufacturing Zone is hardly a good place for an animal rescue.

The Zoning Administrator didn't think it mattered that hundreds of area residents supported Rockin' Rescue -- let's get thousands of signatures worldwide.

Documents regarding this matter can be found at the following webpage:
http://mausnerlaw.com/save_rockin_rescue

Please join in asking the City of Los Angeles to SAVE THE LIVES OF DOGS AND CATS BY KEEPING ROCKIN' RESCUE OPEN. DON'T SHUT DOWN ROCKIN' RESCUE. Please sign this petition.

Sincerely, Jeffrey Mausner

MOTION

The City has made great strides to be a compassionate and humane place for all animals and pets. Part of that commitment is the laudable goal of becoming a No-Kill City for stray and neglected pets.

Meeting that goal will require a variety of legislative changes to allow for a network of animal rescue and adoption facilities to help ease the burden and demands on the Department of Animal Services.

The Los Angeles Municipal Code recognizes the important role that animal rescues play in supplementing the important work done by the City's Animal Services Department, however, one glaring hole remains in the Zoning Code (Municipal Code Chapter 1) which does not define or allow animal rescue/adoption facilities in a variety of zones beyond manufacturing/industrial zones.

In recent weeks, an animal rescue facility in Woodland Hills has gone through the current process to allow for an animal rescue to remain operational on the Ventura Boulevard commercial corridor through a land use variance. Unfortunately, this process is too burdensome and discretionary, and must be addressed.

For these animal rescue and adoption facilities to thrive, and meet the needs and desires of the community, they must be allowed within our commercial corridors with proper land use regulatory controls, performance standards, and protections for the community and small business.

I THEREFORE MOVE that the Council instruct the Planning Department, in consultation with the City Attorney, to prepare and present an ordinance within 60 days that provides a definition of animal rescue and animal adoption facilities.

I FURTHER MOVE that the Council instruct the Planning Department, in consultation with the City Attorney, to prepare and present an ordinance within 60 days that will allow animal rescue and animal adoption facilities in the C (Commercial) zones, and that includes performance standards and community protections that must be met through either an administrative or land use regulatory control process.

Subject: Proud to help Rockin' Rescue

Jeanne --

I am extremely happy that the South Valley Area Planning Commission honored my request to grant Rockin' Rescue a variance, ensuring that it will continue to thrive in our community. It was wonderful to see so many people organize, come together, and voice their support for a rescue that works hand-in-hand with the City to address our animal friends' needs. But, this decision will only apply to one animal rescue, and a more holistic approach is needed to address a citywide issue. Currently, animal shelters cannot operate in commercial areas. This is a problem for several reasons, but one that hits at the core is simply, visibility. It is difficult to get people to adopt a new pet or volunteer their time assisting rescues if they are hidden away from sight.

So, in response to what happened with Rockin' Rescue, I introduced a motion in the City Council that would allow rescue shelters to have the opportunity to open in commercial zones. Additionally, it contains certain protections for neighboring businesses and homeowners. These protections will serve as a way to deal with our animal's needed outside space as well as odor, noise control, hygiene and animal welfare standards to name a few. This will not only mitigate certain concerns neighbors may have, but it will change the mindset that led to the issues that affected Rockin' Rescue.

Once again, it is great that the hard work of so many people has resulted in Rockin' Rescue staying at home in Woodland Hills, saving countless animal's lives. As a Council we need to do everything we can to foster an 'adopt don't shop' culture in Los Angeles and help create new policy that will enable the City to truly live up to its goal of being a "No Kill City." I am proud to have put this motion forward, and look forward to working with you as this measure moves forward to ensure it is fair and equitable for both animals and humans.

As always, my staff and I are here to serve you and never hesitate to contact us for assistance.

UPDATE ON OSCAR THE WONDERDOG -- OSCAR WAS RESCUED

Oscar was rescued by A Rough Start Rescue on January 29, 2017, after being in the Shelter for a year and a half. Despite his long confinement there, he remained a wonderful, friendly, fun dog. We wish him all the best.

THE ADVENTURES OF OSCAR THE WONDERDOG -- SAGA OF THE LUCKY 7

Do dogs have a special sense for other animals who need help? And are dogs able to communicate this to their human companions?

On August 4th, seven 6 week old kittens were abandoned at a remote corner of the back parking lot of the West Valley Animal Shelter. The kittens were left in a filthy cat carrier, covered by a shirt. It was well over 90 degrees that day. The kittens certainly wouldn't have lasted long under those conditions. Why would anyone dump the kittens there, rather than simply bringing them into the Shelter?

Luckily, Volunteer Cathy was walking Oscar, an 8 year old Staffordshire Bull Terrier, on that day. Because it was so hot, Cathy took Oscar into the back exercise yard at the Shelter, rather than taking him for a walk around the block. Oscar seemed to sense that something wasn't right. Cathy picked up on Oscar's concern, and soon focused her attention on the cat carrier that was behind a fence, all the way across the parking lot. There were no sounds coming from the carrier, and it was many yards away, but for some reason Oscar and Cathy's attention was drawn to it. They went to investigate, and to their surprise, found 7 kittens in the carrier, with no food or water. Cathy initially thought they were dead because the smell was so bad. The kittens were covered in feces and had fleas. When they moved,

she realized they were alive, but absolutely starving and thirsty.

After a medical check-up, the kittens were immediately given water and food, and bathed. They were angels during their baths, despite being scared; a couple cried once. After they were all fed and cleaned, they quickly fell asleep.

The kittens became known as THE LUCKY 7, because of their miraculous discovery. All of the kittens have been temporarily fostered. But in a few weeks they will be available for adoption.

And what about Oscar, who was so instrumental in saving the lives of these seven kittens? He just takes it in stride. It's just another day in the life of OSCAR THE WONDERDOG. He simply wants a permanent home, so he can give a family the same kind of caring and love. Oscar has been at the Shelter for over a year now, since July 22, 2015. As it turned out, there was a reason he was at the Shelter all this time, so he could help save the lives of these 7 kittens. But now it's Oscar's time. This hero deserves a loving home. Let's go all out to get Oscar the home he deserves.

Oscar, A1526691. 8 year old neutered male, black and white Staffordshire Bull Terrier.

Posted by: Jeffrey Mausner, Chair, Tarzana Neighborhood Council Animal Welfare Committee

SAVE A DOG'S LIFE OVER THE 4TH OF JULY HOLIDAY

Dogs are very fearful of fireworks. Please make sure that your dog is secure during the 4th of July period, as dogs often run away when they hear loud noises like fireworks. Please check your yard to make sure there is no way for your dog to get away. And on the evening of the 4th, if you are out at a fireworks display, it is best to keep your dog in the house so there is no chance of it running away. The same is true of cats and other animals.

Los Angeles City Animal Shelters receive a large temporary influx of dogs (and to a lesser extent cats) over the 4th of July period. This influx starts in late June, when people start setting off fireworks. Citizens who find run-away dogs, as well as City Animal Control Officers who catch them, bring them into the Shelters to care for them. Most of these animals are redeemed by their owners within several weeks. But while they are at the Shelter, they occupy a kennel, which can cause overcrowding at the Shelters. In the past, if the Shelter became overcrowded, dogs would be killed to make room for these new dogs coming in.

We are implementing a "Temporary Animal Foster Parent Program" at the West Valley Shelter, to prevent the killing of any healthy adoptable dogs over the 4th of July period for lack of space. Members of the public will be able to foster a dog (or cat) in their homes for several weeks during the 4th of July period if kennel space is needed.

If you are interested in becoming a Temporary Animal Foster Parent Volunteer, please fill out the application which can be found at: <http://tarzananc.org/docs/1307-1082.pdf>. Send your completed application, along with a copy of your driver's license, to Sergio.Rios@lacity.org. If your application is approved by the Los Angeles Animal Services Department, you will be placed on a list and will receive an email from the Shelter if there is a need for temporary fosters. If you foster a dog and it ends up that you want to keep the dog permanently, you can go through the adoption process. Otherwise, the dog will be returned to the Shelter.

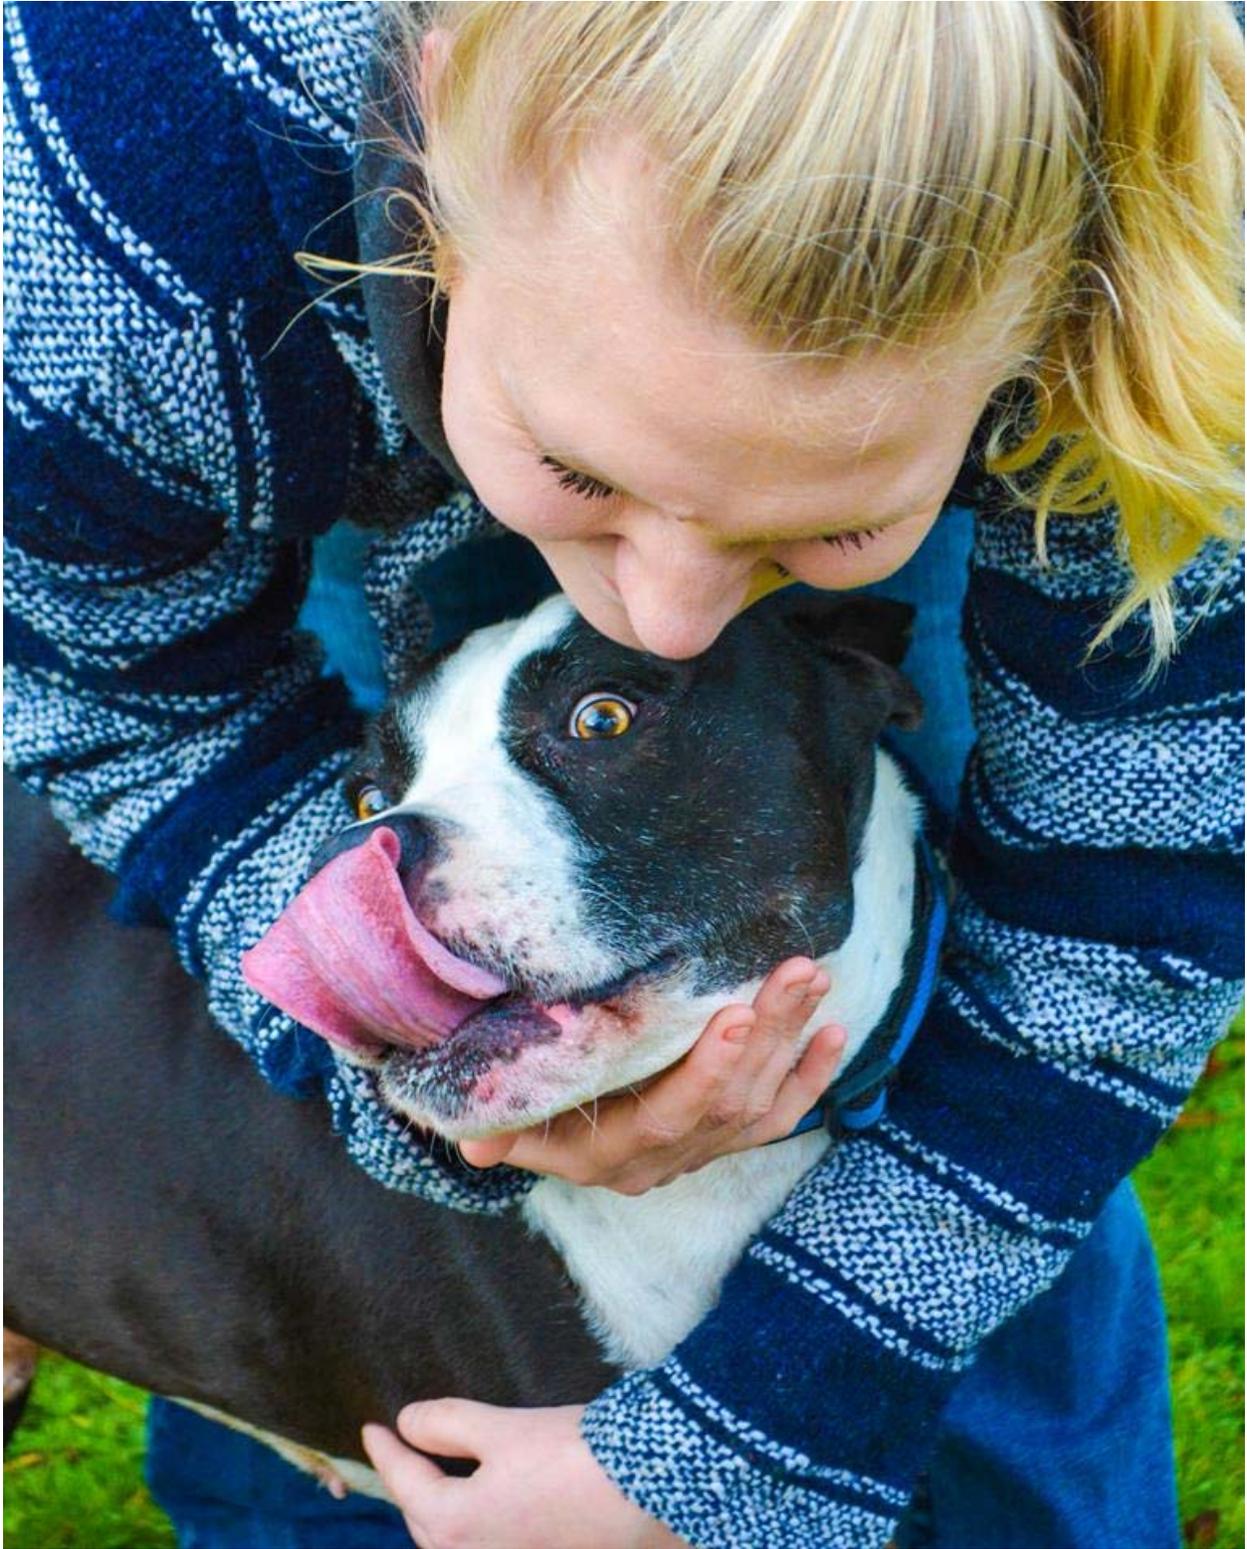

If you have any questions, you can contact the Tarzana Neighborhood Council Animal Welfare Committee at: Jeff@Mausnerlaw.com or use the contact form at: http://tarzananc.org/contact.php?admin_login_id=78

Posted by: Jeffrey Mausner, Chair, Tarzana Neighborhood Council Animal Welfare Committee

THE RESCUE OF JAXZ

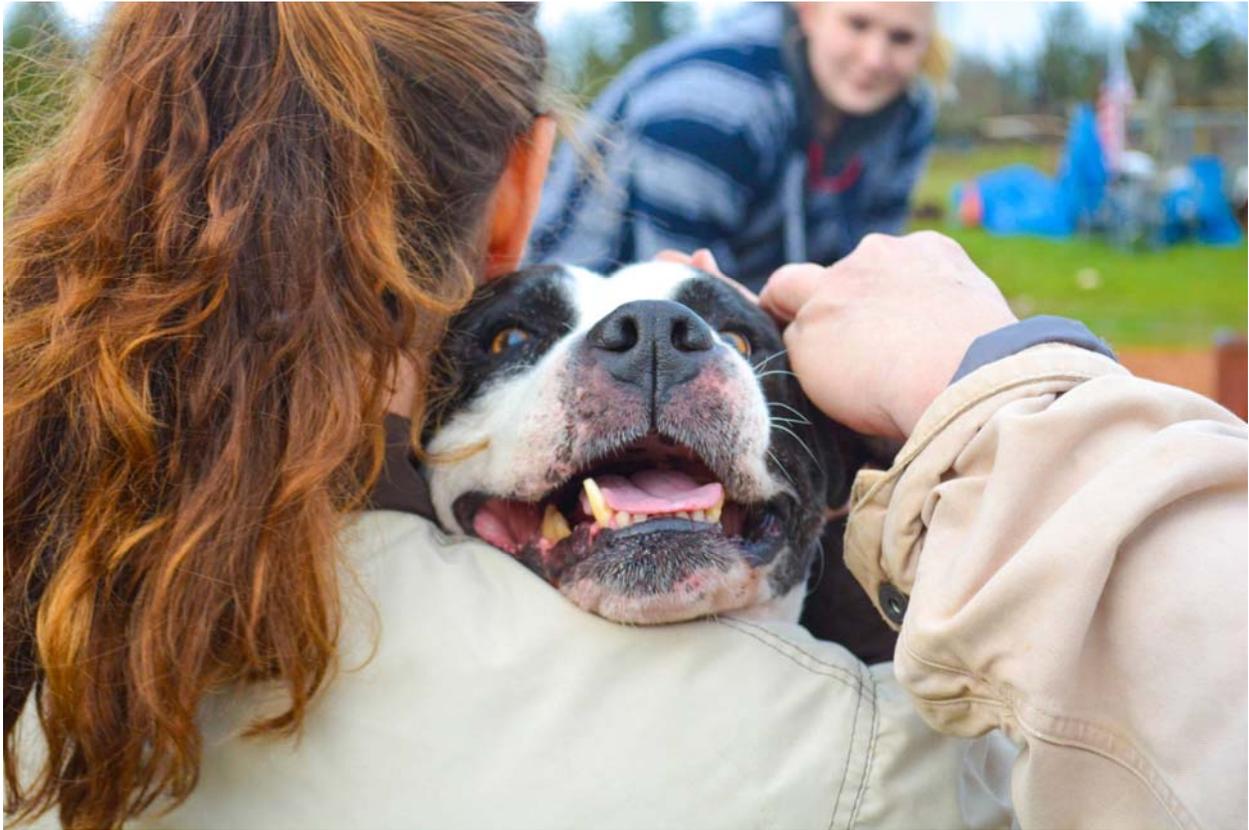

By Jeffrey Mausner, Chairperson, Tarzana Neighborhood Council Animal Welfare Committee (Deanna Dylan Scott, Co-Chair).

Growing up in an animal shelter is a fate confronting more and more dogs. There are just too many unwanted dogs in Los Angeles, because of failure of owners to spay and neuter their pets, and unlicensed breeders. The Los Angeles City Shelters are doing the best they can to keep dogs alive for as long as possible in the hope that they will be adopted or rescued, before they have to be euthanized. But with not enough people to adopt, and the resulting overcrowding in an animal shelter is a fate confronting more and more dogs. There are just too many unwanted dogs in Los Angeles, because of failure of owners to spay and neuter their pets, and unlicensed breeders. The Los Angeles City Shelters are doing the best they can to keep dogs alive for as long as possible in the hope that they will be adopted or rescued, before they have to be euthanized. But with not enough people to adopt, and the resulting overcrowding in the shelters, these dogs are constrained in small kennels, surrounded by the constant barking of the dozens of other abandoned and stray dogs. This was the case for Jaxz, a Labrador/American Staffordshire mix. In the shelters, these dogs are constrained in small kennels, surrounded by the constant barking of the dozens of other abandoned and stray dogs. City of Los Angeles
Department of Animal Services
INTRA-DEPARTMENTAL CORRESPONDENCE

DATE: January 18, 2017

TO: Jeff Mausner
Neighborhood Council

FROM: Brenda F. Barnette, General Manager

SUBJECT: STRATEGIC PLAN SUB-COMMITTEES

Congratulations! You have been selected to participate on a sub-committee to further draft and develop the Los Angeles Animal Services Five-Year Strategic Plan.

As you may already be aware, the process of creating a community-based strategic plan has been underway for over a year. We have reached the final stages of preparation and we would like your professional input. Our strategic planning consultant has gathered information from staff, community, partners, and other stakeholders and from that she has recommended four main priorities that our Strategic Plan should reflect. Those priorities are as follows:

- Live/Save
- Customer Service
- Communication and Outreach
- Financial Sustainability

We are now forming sub-committees for each of the four priorities made up of staff, volunteers, and community members to develop specific strategies and timelines. The first meeting of these sub-committees will take place on **Tuesday, January 31st from 9:30 a.m. until 12:00 p.m.** at the Administration Office, 221 N. Figueroa, Suite 600, Los Angeles, CA 90012.

We look forward to working with you as we take Los Angeles Animal Services to the next level.

Proposals for Implementing No-Kill.

There are two aspects I see of No Kill:

1. Short term. Measures need to be taken so that there are no killings for space during high influx periods, around the 4th of July, to a lesser extent around New Years, etc. Temporary measures can be taken to deal with this:

1) Temporary foster program at all shelters; 2) Use all available kennels -- there are kennels that aren't used for various reasons. At West Valley, there were unused kennels that do not have running water bowls, were used for storage, have to be cleaned, etc. These kennels can be readied by employees and volunteers, and can be used for a month or two to handle the temporary influx. 3) Double up large dogs in kennels. This has to be done with care; dogs should be tested before this is done, so there are no fights. Dogs should be taken out to the play yard together and given some time before they are put into a kennel together. 4) Better communications among shelters for transfers of dogs and cats between shelters to ease overcrowding. Each shelter should send out an email to all the other shelters, every other day, stating how many vacant kennels they have or if they are overcrowded. 5) There should be a New Hope coordinator at each shelter, to get more Red List and Blue List dogs and cats rescued. 6) Dogs and cats with behavior issues have to be evaluated and worked with before they can be killed. Set specific standards for when a dog or cat can be killed for behavior. 7) Set specific, higher standards for euthanasia for sick and injured dogs. The New Hope coordinator should work to get these dogs rescued or to get a rescue to pay for medical that the shelter cannot provide. 8) Implement incentives for employees to reach No Kill at each shelter. This could be a monetary bonus or awards.

2. Long term. There have to be less dogs and cats coming into the shelters, and more people to adopt them. Spay/neuter has to be strictly enforced, advertised, and promoted. Puppy mills and unlicensed breeders have to be shut down. Adoption from shelters has to be advertised and promoted and there has to be better customer service at the shelters.

Best regards, Jeffrey Mausner
Tarzana Neighborhood Council
