NAME (Print)	SIGNATURE	ADDRESS	KEY # ON MAP

REVIEW of the project by the applicable Neighborhood Council is not required but is helpful. If applicable, describe, below or separately, any contact you have had with the Neighborhood Council or other community groups, business associations and/or officials in the area surrounding the project site (attach additional sheets if necessary).

Project description and justifications:

Proposed project will include addition of covered outdoor dining area to existing restaurant, new façade of the building, new wall sign and re-facing of existing pole sign. All the proposed changes will be in compliance with guidelines and standards of Ventura Cahuenga Specific Plan for this area. The new outdoor dining area will be closed off with planter boxes that will have inviting style and will modernize pedestrian friendly area and will not be obstructing sidewalk. Main entrance to the restaurant will remain accessible directly from Ventura boulevard. Proposed project is in compliance with Section 5C of the Specific plan.

Proposed outdoor patio will not exceed allowed floor area square footage and is in compliance with Section 6B of Specific plan.

We are also proposing exterior renovations to modernize the look of the property, such as: new signs for the restaurant, re-facing of existing pole sign; set back and replace existing storefront with new one; new planter boxes; and re-painting of the entire building. New store front will be setback within allowed limits and 60% of it will be dedicated to landscaping and finished with approved materials such as brick masonry pavers or concrete pavers. Since the parking lot meets the required minimum of parking spaces, landscaping will be provided only in areas that do not obstruct parking and walking path. We are not proposing any changes to the overall height of the building. Proposed project is in compliance with Section 7A-7F of the Specific plan.

After careful consideration Section 8 of Specific plan we are proposing new wall sign that consists of two parts: bigger illuminated channel letter sign and smaller non-illuminated channel letter sign. Pole sign is existing and permitted. We are going to re-face existing pole sign to match the wall sign. Proposed project is in compliance with Section 8 of the Specific plan.
