5. Discussion and motion: Recommend the TNC Board file a CIS supporting CF 25-0002-S19 as follows:

SB79 expands the area around transit for the construction of six to seven story apartments in all zones, extending it to a full one-half mile. Although SB79 begins by referring to fixed rail lines, further on in the proposed legislation it expands to include busways and other bus corridors by the citation of Public Resources Code Sec 21155. When defining major transit stops Section 21155 states "A major transit stop is as defined in Section 21064.3, except that, for purposes of this section, it also includes major transit stops that are included in the applicable regional transportation plan. For purposes of this section, a high-quality transit corridor means a corridor with fixed route bus service with service intervals no longer than 15 minutes during peak commute

hours”. It also includes buses that use “ transit priority lanes for some or all of the route”. There are several bus lines throughout the valley and greater Los Angeles that fit within this definition.

Projects that are proposed pursuant to SB79 would qualify for ministerial approval. Although the bill cites height of 75 feet, 65 feet and 55 feet projects could qualify for density bonuses allowing structures perhaps as tall as 105 feet.

All of this ignores the underlying zoning. Any land within a one-half mile radius, residential, industrial or commercial is fair game for development. Valley residents have just been involved in a major effort to preserve single family residential areas. Their efforts helped with the development of the recently adopted Housing Element of the General Plan. SB79 would render much of this hard work null and void.

6. Discussion and possible motion: Recommend the TNC Board support the Joint South Valley Neighborhood Councils joint meeting (Town Hall) by purchasing refreshments not to exceed \$200.00.
7. Discussion and possible motion: Recommendations for additional matters to be added to the proposed board meeting agenda.
8. Discussion and motion: Approve the proposed agenda for the upcoming Board meeting with any additions and/or amendments.
9. Committee Business - Comment from Committee members on subject matters within the Committee’s jurisdiction.
